## BASE INFORMATION

*Welcome to Reful Yachting!*

Our base is situated in marina "Dalmacija", 7 kilometres south of Zadar, between two villages, Bibinje and Sukosan. Our office is in the new charter building between piers 5 and 6. The boats are located on pier 8.

Marina Dalmacija is one of the biggest marinas in the Adriatic sea and it has over a thousand berth places, at sea and on land. It also offers a large number of parking places, bathrooms and toilettes as well as a supermarket, bar, exchange office, restaurant and gas station. The parking in the marina is under surveillance and it costs 45 Kn (6 Eur) per day.

You can easily reach our base by several means of transportation. If you're travelling by car, take the Zadar 2 exit from the A1 highway. If you're arriving by plane, the airport is only a few kilometers away from the marina and we'll be happy to organize a transfer should you need one. If you're taking the ferry from Italy, the harbour is 3 km to the north of the marina.
